

Dear parents,

We are excited to be introducing a new biometric cashless system to St Nicholas Middle School after half term. This means that pupils will be able to pay for their food at the point of purchase using funds that have been uploaded onto ParentPay. There will be no requirement for parents to pre-order lunches. The current pre-order system will remain in place at the First School though.

The new system will link with ParentPay so that any purchased lunch options will be visible to parents. Because the payment system requires fingerprint reading we will be sending a separate permission letter for parents to sign.

The system goes live on June 7th which means that pupils who pay for lunches will need to bring in cash on June 6th to purchase their meal. Free School Meal pupils do not need to pre-order for this day and can choose as they come through for lunch.

If you have any questions or concerns, please contact us at info@miquillcatering.co.uk

Yours faithfully,

Simon Quill,
Managing Director
Miquill Catering.
