

Pinvin First School Homework Policy

Rationale

"Homework is not an optional extra, but an essential part of a good education". -1999 White Paper, Excellence in Schools Homework is work that is set to be done outside the timetabled curriculum. It contains an element of independent study in that it is not usually directly supervised by a teacher. It is important in raising student achievement. Not all homework is done at home; in fact, for some students who find it hard to work at home, or for some tasks which may require resources (books, software, equipment) more readily available at school, it is necessary or desirable to carry out the task at school. Homework enhances student learning, improves achievement and develops students' study skills and as such is an integral part of the curriculum. It requires careful planning and integration into the scheme of work of each curriculum area.

Aims

Homework enables students to:

- Consolidate and extend work covered in class or prepare for new learning activities.
- Access resources not available in the classroom.
- Develop research skills.
- Have an opportunity for independent work.
- Show progress and understanding.
- Provide feedback in the evaluation of teaching.
- To enhance their study skills e.g. planning, time management and self-discipline.
- To take ownership and responsibility for learning.
- Engage parental co-operation and support.
- Create channels for home school dialogue.

Expectations:

Homework will be published using Google Classroom and pupils should respond using this format. Where children prefer to work on paper, they should take a picture of their work and add it to their homework assignment in their Google Classroom.

Where children are unable to access the homework online, books will be provided and homework printed off for them.
